## **Job description for International Tester**

### **PSQ:**

Payment Service Quality (PSQ) is a small market research company performing field testing/auditing studies based on mystery shopping for the electronic payment industry.

The company was created in 2012 and is based in Bordeaux, France.  
PSQ visits an average of 40 countries and performs 7,000 audits a year.

For more information, please have a look at our website:

<https://www.my-psq.com/home/>

### **Job Description:**

PSQ is looking for new recruits to join its team of international testers working on large-scale projects for some of the world's leading payment systems.

To work with the team as part of a new European project, PSQ is looking for testers based in the following countries who are fluent in the local language:

Belgium  
Denmark  
Germany  
Italy  
Norway  
Portugal

Each tester needs to be able to open 2 specific bank accounts in their name and to use the issued cards to conduct transactions at between 200 and 500 merchants, both in-person and online.

Testers will have to capture agreed information during the transaction process found at specific merchants and will report the data back to PSQ via its online application, on a daily basis.

### **Location:**

The location of auditing will be in each tester's home country, in two cities (to be defined by the client). Online transactions will be performed from the tester's home.

Each tester will perform between 10 and 20 audits a day at merchants selected from a specific list provided by the client.

All testing is to be completed between 1<sup>st</sup> October and 18<sup>th</sup> December 2022.

**Contract:**

PSQ offers a freelancing contract to testers based abroad which allows the testers to open bank accounts and use bank cards in their name for the purpose of PSQ's project.

For this, the testers must be self-employed and able to issue invoices to PSQ.

**Remuneration:**

The tester's payment will cover their salary as well as all costs involved in the project. This can include travel, hotels, food, the audit purchase etc.

Depending on the number of audits to be carried out, a tester can expect to earn between 9,000€ and 15,000€ gross. All costs incurred during the job must be deducted from this amount and is likely to be approximately 40-50%. The tester is to manage this budget themselves.

The total amount would be paid in increments in order to cover costs up front. The remaining balance would be paid once the job is complete.

**Skills Required:**

- Highly organized
- Strong communicator
- Autonomous
- Responsible
- Scrupulous – attention to detail is essential
- Good sense of orientation
- Perseverance
- Well-versed in English
- Fluent in local language

**Start date from:** October 1<sup>st</sup>, 2022

Should you wish to apply, please send your CV to [jobs@my-psq.com](mailto:jobs@my-psq.com).

Many thanks.
